

Course Syllabus

PSPO II : Professional Scrum Product Owner™ level II Exam Prep

We are glad you have joined us for this course! Here is some information that will help you to navigate your learning platform and locate course content.

Before the first live session please confirm that you can access Zoom:

1. Visit <https://support.zoom.us> and click on **Getting Started**.
2. The **Join** link is available 45 minutes prior to the start of each class. Please click the **Join** link and then **Download and Run Zoom**.

About the Certification: The PSPO II certification represents an advanced level of Professional Scrum Product Ownership knowledge and understanding of how the Scrum framework can support the creation of value. It validates an understanding of topics including: product vision, product backlog management, release and portfolio planning, business strategy, and working with stakeholders.

Prerequisites: Anyone attempting the PSPO II should have advanced Scrum knowledge, in-depth Scrum experience and/or have taken the Professional Scrum Product Owner level I (PSPO I) course prior to taking this Bootcamp. A PSPO I certification is not required.

Recommended Reading:

The Scrum Guide ([available here](#)). The Scrum Guide is the foundational BOK (Body of Knowledge)

The Evidence-Based Management Guide ([available here](#))

The Kanban Guide for Scrum Teams ([available here](#)).

PSPO II Learning Path ([available here](#)). If not already PSPO I certified, it is recommended that you include the PSPO I Learning Path in your studies ([available here](#))

Recommended Memorization:

The Scrum Framework ([available here](#))

Recommended Practice Exams:

- Open Assessments by Scrum.org. You can take the open assessments multiple times. The questions are randomized from a large pool of questions.
- [Agile Measurement Open](#)
- [Product Owner Open](#)
- [Scrum Open](#)
